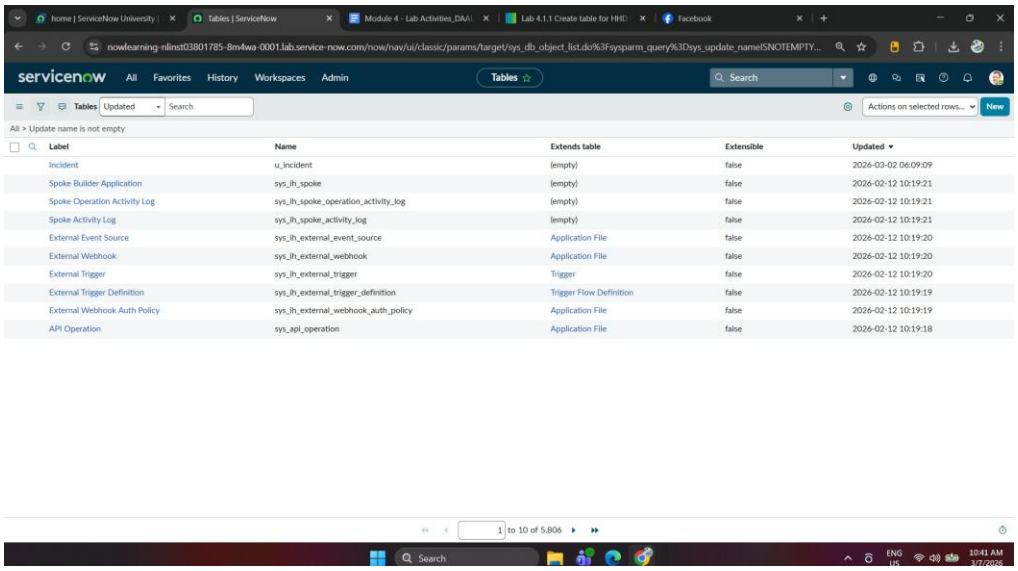
4.1.1: Create Table for HHD Configuration Records

Labs

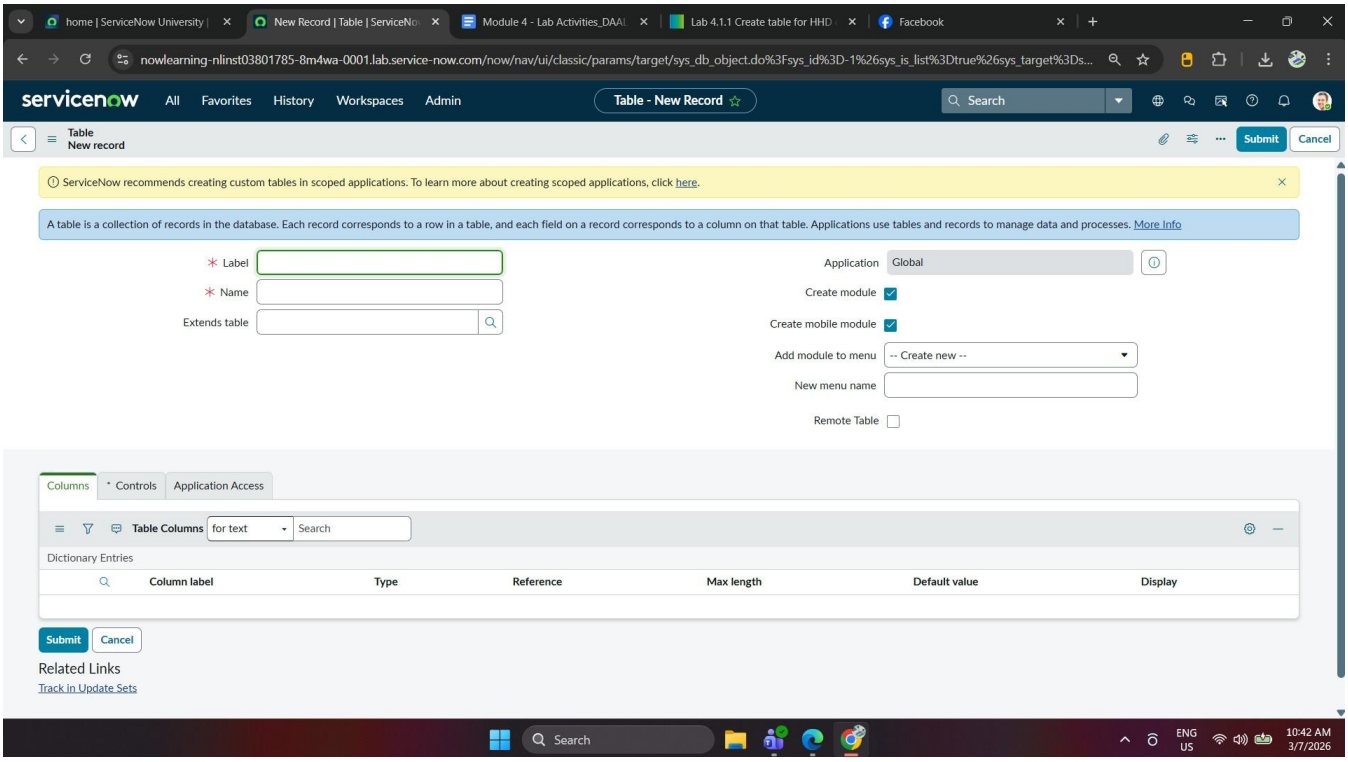
- 4.1.1: Create Table for HHD Configuration Records

Section 1: Create a new table, column and list layout

1. Navigate to **All > System Definition > Tables**.

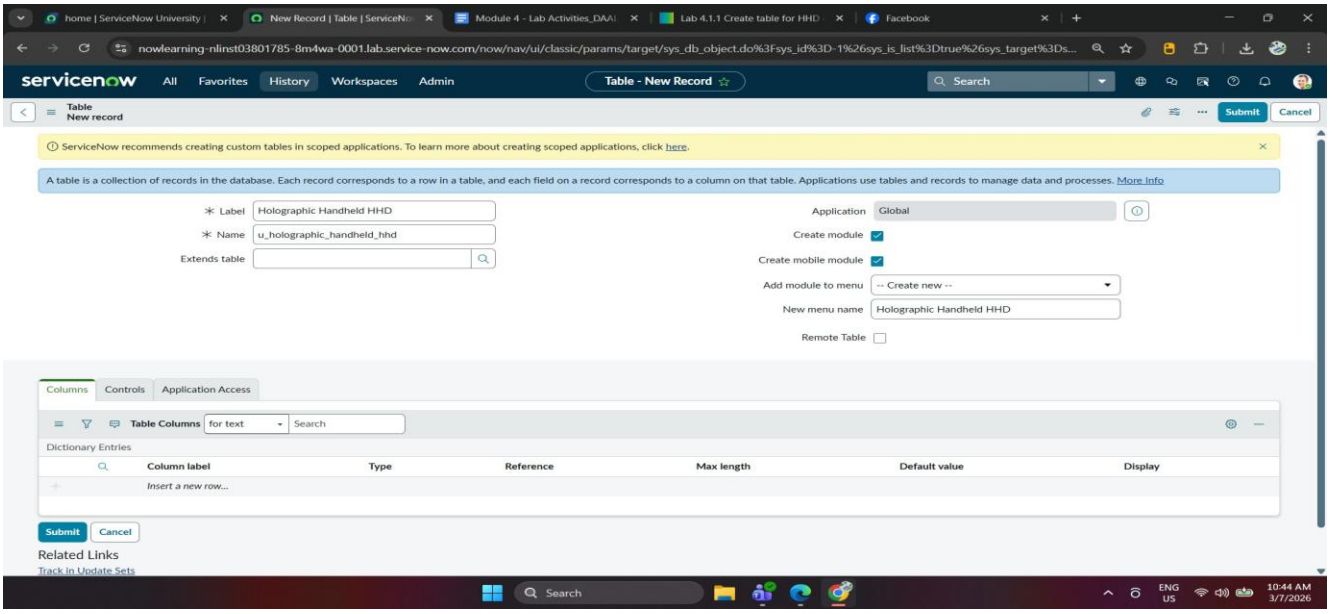


2. From the **list header**, select **New**.

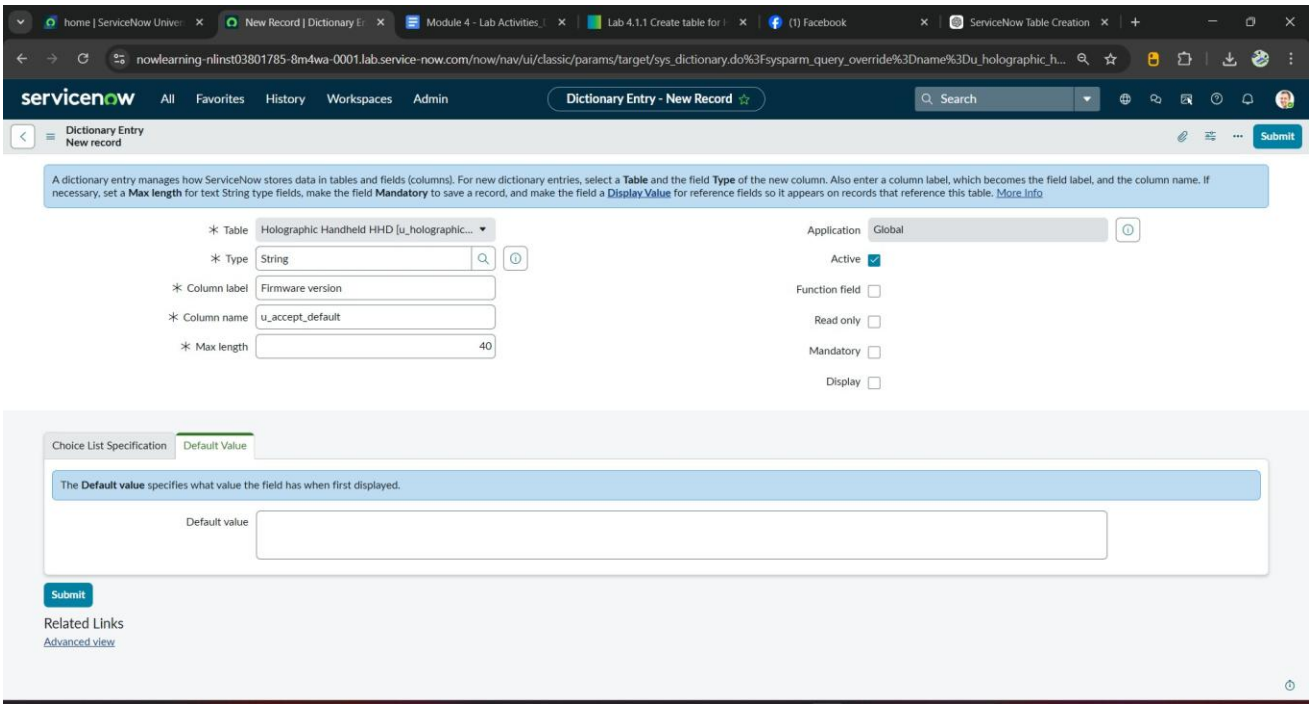


3 Complete the top of the Table form as follows:

- Label: **Holographic Handheld HHD**
- Name**: u_cmdb_ci_hardware_hhd**



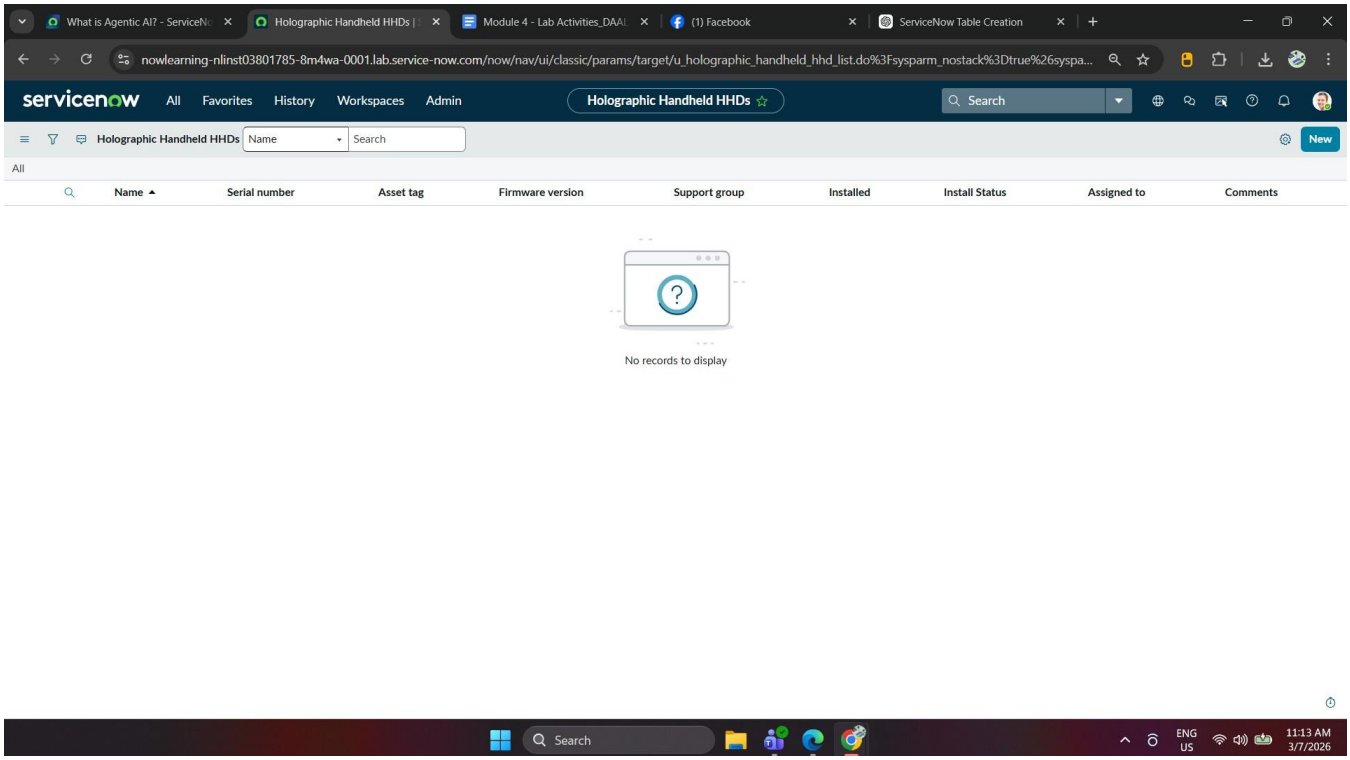
Create the firmware version field



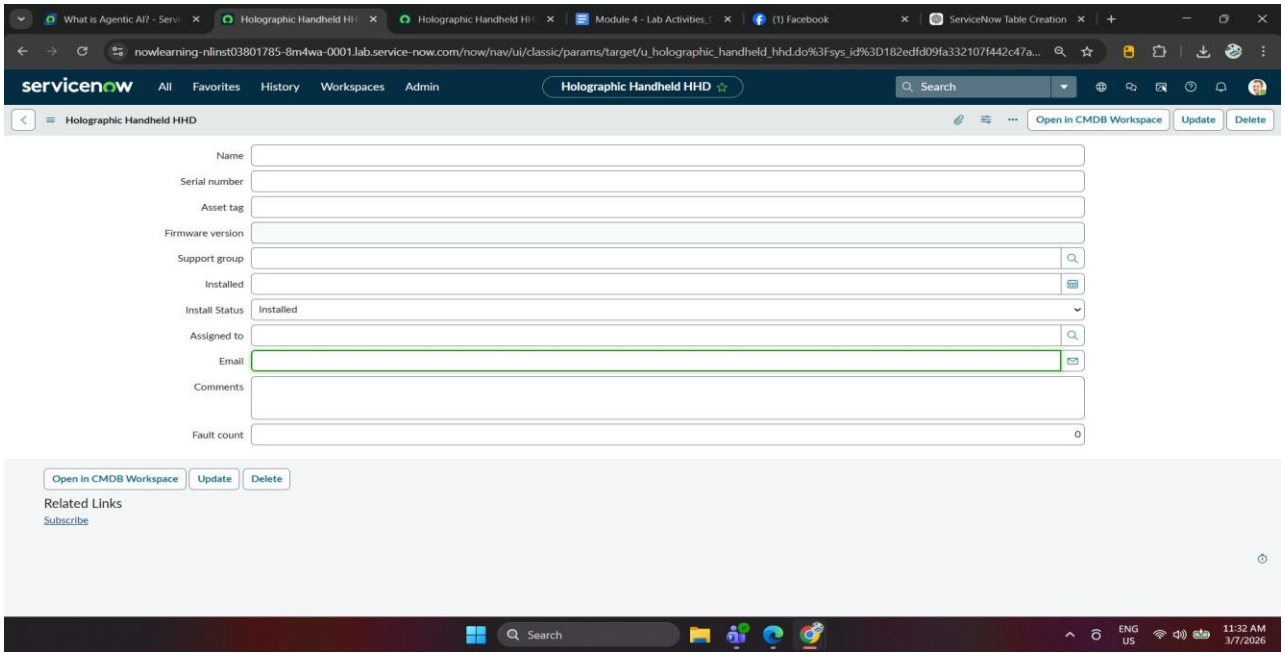
Configure (not personalize) the **List Layout** to include the **columns** in this order:

- Name
- Serial Number
- Asset tag
- Firmware version
- Support group
- Installed
- Install Status
- Assigned to
- Comments

2. Select **Save**.
3. Confirm the new **list layout** has the correct columns in the correct order.



Section 2: Configure Infinity HHD form



Section 3: Update application menu

1. Complete the form as follows:
    - Title: **Create New**
    - Application menu: **HHD**
    - Order: **100**
2. Select the ***Link Type** tab and complete as shown:
    - Link type: **New Record**
    - Table: **Holographic Handheld HHD [u_cmdb_ci_hardware_hhd]**
3. Verify the field values.

4. Select **Submit**
